

The new solution to meet the support needs of today's heavier bedding!

BEDBEAM™

BED SUPPORT SYSTEM

Style #K783
King Size configuration shown

The Bedbeam™

- properly supports and maintains the performance of the new bedding sets.
- eliminates wooden slats which often sag and fail to provide required support.
- has a unique Patent-Pending design which allows free side-to-side movement of the bed without having to re-align the support leg.

Pull-Down Leg is fully and easily adjustable

Both the Bedbeam™ Support and Beam are width adjustable and attach securely to side rails to prevent spreading and loss of bed stability.

Bedbeam™ Full or Queen System

All sets include 3 leg extensions to accommodate bed heights between 5" and 18".

The Bedbeam™ Stationary Beam

The Bedbeam™ Support

Bedbeam™ is another innovative product from
